REGISTRAR'S REPORT.

The first legislation affecting the Medical Profession of the North-West Territories was passed by the Legislative Assembly in December, 1885, (Dec. 18th, 1885). Under this Ordinance (No. 11 of 1885), the names of forty-four medical men were registered.

The Medical Profession of the North-West Territories was first incorporated under the name of "The College of Physicians and Surgeons, North-West Territories," by an Ordinance of the Legislative Assembly assented to December 11th, 1888.

By this Ordinance (No. 5 of 1888) and amendments thereto, now designated as Chapter 52 of the Consolidated Ordinances of the North-West Territories (March 15th, 1899), the affairs of the Profession are now regulated.

The North-West Territories Medical Register contains the names of all the members of The College of Physicians and Surgeons, N. W. T., who alone are entitled to practice their profession in the North-West Territories. The total number registered to date is 175; of these, sixteen (16) are dead, sixty-three are non-resident and one name has been erased, leaving at the present date ninety-five (95) in actual practice in the Territories.

This Register contains a synopsis of the requirements for registration, "The Medical Profession Ordinance" (Chap. 52, Consolidated Ordinances, N.-W. T.), copies of the last examination papers, and an alphabetical list of all members of the College to date.

HUGH U. BAIN, Registrar.
